

# Navy and Marine Corps Public Health Center "Quick Hits"

March 2010

## Medical Matrix Update

The Occupational and Environmental Medicine Department has completed a major update of the [Medical Surveillance and Procedures Manual and Medical Matrix \(NMCPHC-TM OM 6260\)](#), the definitive document on Navy occupational medical surveillance worldwide. The updated version represents a collaborative effort by many professionals expert in the field of occupational medical surveillance.

The document also serves as the basis for the [PC Matrix](#), a computer program that enables medical treatment facilities to combine and simplify medical surveillance programs. PC Matrix is also being updated and will be available soon.

The [Medical Matrix](#) will be available for download from the NMCPHC Web site in April 2010 .

The internet address will be the same as for the current version:
